**4820 Techniplex Drive • Stafford, Texas 77477 • 281-565-5566**

Exchange is not about National, Regional, or District. *It's about the individual local clubs* and how they can flourish to better serve their respective communities, *now and well into the future.*

The key to any organization's success is *training and development* – nurturing its human resources. That's the main function of Districts in Exchange and nobody does it better than the Texas Louisiana Gulf Coast District. Our clubs lead all districts in membership growth this year (despite recovering from Gustav & Ike). We have some of the best Clubs in the nation, with incredible projects to improve our communities. And nobody has more fun than us when we get together – the reason being that **WE ARE Texas & Louisiana** – a winning combination!

Let's join together to prepare for our Clubs' new administrative year – to learn from and to share with each other, and to have fun doing it. No matter how long you've been in Exchange or how many years or times you've held a particular officer position, or if you've never been an officer but are interested in doing so ... our Club Officer Training is for you.

\* No registration fee, but **RSVP** if at all possible so that we can adequately prepare for the complimentary continental breakfast, materials, seats, etc.

**RSVP to Richard Flicker**
